### SPECIFICATION

|   |   |
|---|---|
| Code  | STM-B1  |
| Test stroke *                                   | 30mm  |
| Lifting range of working table *                | 0~300mm   |
| Number of probes *                              | 40 pcs  |
| Pressure *                                      | 100~1000g<br>(Controlled by adjusting air pressure) |
| Minimum distance between two probes of X axis * | 15mm  |
| Minimum distance between two probes of Y axis * | 40mm  |
| Duration of upward stay                         | 0.1~99.9s   |
| Duration of downward stay                       | 0.1~99.9s   |
| Number of tests                                 | 99999999 times                                      |
| Dimension of main body                          | 600×530×1200mm                                      |
| Weight  | 110kg   |
| Power supply                                    | AC 110~220V, 50/60Hz                                |

\*Customizable
